

1/25/16

San Diego Superior Court
Central Division Civil Business Office
Processing Dates on Backlogged Desks

Use the table below to track the documents for backlogged desks. The clerk responsible for performing the task will keep this table updated, changing the filed date of the documents as he/she progresses through the backlog.

Any requests for information, such as when their default will be entered, should be answered by explaining to the caller that we are backlogged, accessing this table, and then reporting what received date the clerk is currently processing.

The caller should not be transferred to the voice mail for the clerk processing the documents.

Task	Processing Docs Received via eFile on:	Processing Docs Received via Paper on:	# of NOS (not on shelf) Oldest NOS Date
